

## THE STEEL EFFICIENCY REVIEW® HAS 1053 SOLUTIONS

Since 2010, we have completed 1053 Steel Efficiency Review® consultations on businesses of all shapes and sizes across a full spectrum of industries.

In these SER® consultations, we look closely at your operations, we work together to identify cost and time savings, remove bottlenecks and recommend incremental changes which can translate into exponential profit improvements.

The SER® provides key recommendations based on those well-known 7 areas of waste:

- 1 OVER PRODUCTION
- 2 TIME IN WAITING
- 3 TRANSPORTATION
- 4 PROCESSING
- 5 INVENTORY
- 6 MOTION
- 7 REWORK

### INDUSTRY SPECIFIC FINDINGS

Utilising the Steel Efficiency Review® to better understand businesses serving the Building and Construction sector, our SER® consultants have recommended:

- RAW MATERIAL SUPPLY OPTIMISATION TO MINIMISE REWORK AND EXCESS INVENTORY
- ACCESS TO HIGH QUALITY BRANDED STEEL PRODUCTS & ABILITY TO LEVERAGE AWARENESS FOR PROMOTION OF END PRODUCT
- INVENTORY IMPROVEMENTS TO INCREASE CASH FLOW AND FREE UP WAREHOUSE SPACE

### ZERO COST, HUGE VALUE

There is no risk undertaking a Steel Efficiency Review®. Our SER® consultants, will simply listen, ask questions and offer you recommendations on how to best work together to improve and innovate. Our dedicated consultants will come to you at a time that's convenient.

Depending on the scale of your operation, the SER® can take just one hour to complete. After our visit, we'll come back to you within two weeks with a short report, detailing our findings, recommendations and improvement solutions.
